CHAS Accreditation Logo represents the highest quality with regard to health and safety performance .

Tennyson Suite Gains CHAS Accreditation

CDM Co-ordinator Tennyson Suite Limited gains nationally recognised award for its health and safety procedures.

Sussex based health and safety consultants and CDM Co-ordinators, Tennyson Suite Limited gain the internationally recognised CHAS Award for its safety systems and procedures providing the statutory role of CDM Co-ordinator for its blue chip and SME Clients. The accreditation has been given following an in depth external audit of Tennyson Suite's first class health and safety policy, systems and procedures.

Senior Adviser, John Lawrence said "that the CHAS award was testament to the hard work

and continuous professional development of the safety team as a whole." He went on to acknowledge the company's commitment to promote excellence from within by achieving its goal of gaining ISO 9001 status by the end of 2011.

Companies that achieve the CHAS Accredited Status stand out from their competitors, win work with the public and private sector organisations because they meet the stringent health and safety standards required.

If your company needs CHAS Accreditation talk to us at Tennyson Suite.

Tennyson Suite's Health & Safety Advisers are trained, fully qualified and experienced Health & Safety Specialists.
